

Product Sheet

Lazer IT (75gsm)

General

Lazer IT is a high-quality, reliable copy paper for everyday use.

Standard Basis Weight Range

70, 75 & 80g/m²
A4, A4s (70g/m²), A3, F4 and Qto in 500 sheets/ream
5 reams per box

Usage Area

Lazer IT is specially adapted for printing in machines using the xerographic principle. It is developed for high-speed and problem free usage in high-volume copiers

Picture & Text

Picture: Lazer IT is designed to produce sharp images/graphics from today's sophisticated print equipment

Text: The matt uncoated surface, which is reflex-free is excellent for non-strenuous readability.

Printing

Lazer IT is made to give the highest possible reproduction and function in electrostatic dry toner printing (xerography) in both simplex and duplex printing

Binding

Lazer IT is well suited for stitch and thread binding. During perfect binding, the sheet should be trimmed 0.5-1.0mm to ensure uniform adhesiveness to the paper

Environmental

Lazer IT is produced from Elemental Chlorine free (ECF) pulp.

Lazer IT is recyclable:

- Ream: Paper/polyethylene
- Box: Corrugated board
- Pallet: Wood
- Shrink-wrap for pallet: Polyethylene

Production

Lazer IT is produced from a mix of ECF short and long fiber pulp from sustainably managed forests. Locally processed calcium carbonate is used as filler. The paper is neutral sized.

Lazer IT is produced at APRIL's Riaupaper mill in Sumatra, which is ISO9001 and ISO14001 certified for Quality Management System and Environmental Management System respectively.

Characteristics

Test Method

Lazer IT

Basis Weight (g/m ²)	ISO 536	75
Thickness (um)	ISO 534	105
